

MARCH 2025

# Community Connection

VILLAGE OF ITASCA

## USHER PARK UPDATES

Exciting renovations are set to begin at Usher Park this March. The project will feature an upgraded gazebo, expanded pathways, new play areas, and other improvements designed to make the park more accessible and welcoming for the community. While construction is underway, park access will be impacted, and we encourage residents to visit the website for ongoing updates as the project progresses.

Scan the QR code for more information and updates on the progress.

## YARD WASTE COLLECTION

Free yard waste and brush collection begins Monday, April 7th, and runs through the first week of December.

Scan the QR code for more information on yard waste and brush collection.

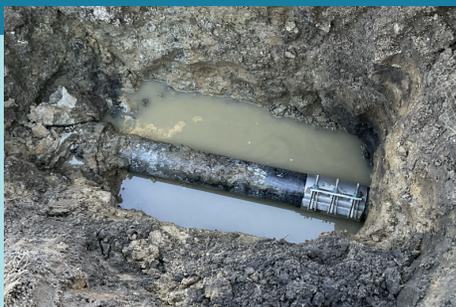

## STREET CLEANING REMINDERS

Public Works is committed to keeping our streets clean, but we need your help!

Residents are kindly asked to move garbage cans and vehicles off the street before any scheduled street sweeping or snow plowing operations, to allow workers to clean properly.

Scan the QR code for more information and to access the street sweeping schedule.

## Fixing Breaks: Public Works in Action

Ever notice Public Works crews working in the street and wonder what's going on? They're probably repairing a water main break, which happens when a pipe that supplies water to homes and businesses cracks or bursts. These breaks are most common in winter due to temperature changes, but can occur at any time. When you see our crews in the street, please slow down and give them at least a full lane of space to work safely.

# SUPPORT LOCAL & SAVE MORE – THIS MONTH’S DEAL!
